

Having only worked at PPS, Kirsty has often wondered whether she was missing something.

This was where TAB made a real difference. "It gives me the opportunity to step back from the business," said Kirsty "and I now look at it with a fresh pair of eyes."

Kirsty continues "My TAB Board is very good at asking me the questions I don't want to answer! It's always interesting to hear their advice as it gives me new ideas for handling challenges that I have. The fact that my fellow members are helping me work on my business each month reignites my enthusiasm and keeps things fresh."

"I would recommend TAB to anyone who is prepared to look at themselves and their business – it will show the 'ugly spots' but it's enlightening to see them, accept them and do something about them."

Following a recent marketing push which improved their profile, PPS are now benefiting from opportunities with customers with whom they had not previously had access. So with this success PPS is now evaluating where they are where they want to be, using their great management team to share their ideas on how they can achieve their goals.

"TAB has helped me rediscover myself as an individual - take time to look at goals I want to achieve, as well as the goals for the business."

“ TAB clarifies my thinking and the accountability stops me getting distracted from what's important.”
